PRAYER & FASTING

POTENTIAL FASTING OPTIONS

1. "WATER FAST"

Consume only water and vitamins/minerals for 24-72 hours max during the fasting period. Then resume an alternative type of fast.

2."DANIEL FAST"

Focus on fruits, vegetables, and whole grains, avoiding meat, dairy, and processed foods.

3. "INTERMITTENT FAST"

Choose specific hours of the day for fasting, such as fasting from sunrise to sunset or fasting for a set number of hours (e.g., 16 hours) each day and drinking only water. Or skipping certain meals.

4. "SELECTIVE FAST"

Dedicate your fast to a specific type of food or food group. For example, you could fast from sweets, caffeine, or processed foods.

5."JUICING FAST"

Consume only fresh fruit and vegetable juices during the fasting period for 24-72 hours max and then resume an alternative fasting regimen.

6. MEDIA FAST

Abstaining from social media, TV, or other forms of entertainment is encouraged during this time as an additional supplement to your fast, but it does not replace the physical component of denying yourself from food or beverages.

REMINDERS & IMPORTANT THINGS TO KNOW

****If you are sick, pregnant, or a nursing mother, please do not fast! If you have a history of health issues or are on regular medication, please consult a doctor before you fast.**

- Drink lots of water and avoid highly acidic liquids.
- Avoid strenuous activity to conserve energy as you consume less fuel.
- Pop mints to combat potential bad breath; let's be considerate of others.
- Most importantly, pray! Start and end the day with intentional time of prayer and seeking the Lord. Fasting must always be accompanied by prayer; otherwise, it's merely dieting.

Prepare your heart and mind for this transformative experience. Let's come together as a community to seek God's presence and His will for our lives. If you have any questions or need further information, feel free to reach out to us at info@legacyaz.church.
